4K120Hz 8K30Hz

Product Name:

HDMI™ + Micro USB to USB Type-C 4K120Hz or 8K30Hz M/F Active Adapter

Product Series: Adapter

Product Code: CAC-1336

EAN code: 8719214472504

UPC code: 841615102754

Description:

The Club 3D CAC-1336 is the perfect solution to connect to any USB Type-C 8K30Hz or 4K120Hz ready displays from a HDMI™ source which does supports these resolutions/specifications.

If you have a PC or any other device that lacks the new USB Type-C 8K30Hz or 4K120Hz specifications, the Club3D CAC-1336 will be the simple way to connect your HDMI™ source device to your new USB Type-C 4K120Hz or 8K30Hz display(provided your source supports these resolutions).

The Adapter is powered thru a Micro USB port(5V/1.5A). An USB Type-A to Micro USB M/M 1m / 3.28 ft is supplied in the box.

Note: This adapter will only work on USB Type-C Displays that are self powered !

Please use one of our Club 3D certified Extension/Adapter cables to connect to your devices. **For optimal usages of this adapter we highly recommend you to use the CAC-1576 or CAC-1571.**

In case you need additional assistance to choose the correct cable, please visit our website www.club-3d.com or feel free to mail us at support@club-3d.com and it will be our pleasure to assist you.
